

# Cure Mist

HERBAL WOUND-HEALING SPRAY

An Ayurveda Proprietary Medicine

## Topical Herbal Film Formation Spray for Wound Care Management

### Cure Mist: A Yellow herbal liquid bandage

Cure Mist spray is a 100% natural, innovative medical wound care device which can be used on wounds in areas that are difficult to bandage, such as the fingers, ankle & toes. It comes in a low pressured spray which makes its application simple and painless. It also dries quickly and is less likely to come off, making it a great option for those who are active or who work in environments where traditional bandages may not stay in place

The spray applied directly to the wound and creates a protective barrier that helps to prevent infection and promote healing. It's a low cost house hold remedy made of biocompatible natural ingredients.
